FY2012 Q1: Causes of reduced profitability

FY2011 Q1 FY2012 Q1

Recovery plan to achieve targets

Shoji Tobayama

Senior Executive Officer, General Manager of Strategic Planning & New Business Development Group

FY2012 Q1: Review and recovery plan

Review

Supply problems following the earthquake led to:

- Self-imposed restraint on in-store promotions
- Focus on staple products
- Delayed promotion of new product launches
- Largely recovered market share to pre-quake levels in June, after falls in April and May

Recovery plan

- Restart and strengthen in-store promotions
- Expand sales of new products (Jagabee, Vegips, Hitokuchi Bizen)
- Further cost reduction

Restart and strengthen in-store promotions

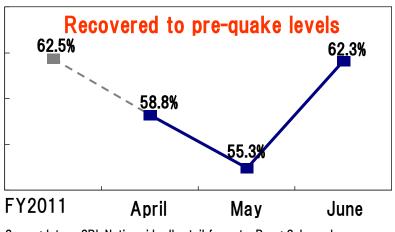

Number of new product launches

No. of products

| | FY 2011 July – Sept. | FY 2012 July – Sept. (Forecasts) | Change |
|-----------------------|-------------------------|--|--------|
| Supermarkets | 22 | 33 | +11 |
| Convenience stores | 25 | 33 | + 8 |

Potato chips market share

Source: Intage SRI, Nationwide, all retail formats, Base: Sales value

Potato chips

New product launches + staple product promotions

Launched June 20

Launched June 27

Launched June 27

Launched July 11

Jagabee
