

## Calbee Group Financial Results

Third quarter of fiscal year ending March 31, 2024 April 1, 2023 - December 31, 2023

TSE code : 2229
Calbee, Inc.
Feb. 6, 2024

■ 01-Q3 sales rose by $¥ 18.8 \mathrm{bn}$ and profit by $¥ 5.7 \mathrm{bn}$, setting quarterly and Q1-Q3 records for net sales and operating profit

- Domestic sales and profit growth in Q3 drove overall consolidated results
Sales of both snacks and cereals were strong amid successful marketing initiatives
Sharply higher costs were absorbed by the effect of price/content revisions and sales volume growth

■ Overseas, sales fell but profit rose, although operating profit just missed the revised target
Strong sales continued in the UK, Indonesia, etc., despite struggling in key region of Greater China

- In Q4 we will continue to maintain firm momentum domestically with steady marketing activities, and invest for future growth

# FY2024/3 Q3 Domestic business (three months) Calbee <br> Harvest the Power of Nature. 

## Snacks

- Potato Chips

- Marketing initiatives including increased volume campaign and TV commercials were successful, and sales of basic products such as Usu-Shio Flavor and Kata-Age Potato were strong
- Sales volume fell slightly in the absence of last year's product imports

## - JagaRico

- In response to strong demand concentrated sales efforts on basic products; sales volume grew
(Billion yen)

FY'23/3 FY'24/3

- Effect of price/ content revisions

Q3
Q3 Sales of gift snack items

- Increased production capacity via launch of new line and production efficiency improvements
■ Other snacks
- Gift snack items exceeded their pre-pandemic level on increased domestic travel and inbound demand
- Sales of wheat- and bean-based products were strong due in part to a sense of relative affordability

## Cereals

- Grew cereals market share (+3.9pts)* despite only slight growth of the market
- Limited-time collaboration products were wellreceived
- L-size sales grew on successful increased volume campaign and proactive sales promotion activities

## FY2024/3 Q3 Overseas business (three months) <br> Calbee <br> Harvest the Power of Nature.

$■$ North America Demand of Harvest Snaps and brands of Japanese origin were firm, but PB and OEM sales continued to be sluggish, resulting in lower sales on a local currency basis
■ Greater China Both retail store and e-commerce sales declined significantly
■ Other regions The UK: Both sales and profit rose on potato chips and continued strong sales of new pellet snack products
Indonesia: Both sales and profit rose on sales growth of potato chips and Guribee, a new production line which launched in December, and continued improvement of raw material costs

## FY2024/3 Q3 Overseas business (three months) <br> *YoY <br> Harvest the Power of Nature.

## North America

## - Sales

- Sales of Harvest Snaps fell slightly on mistiming of sales promotions
- Sales of brands of Japanese origin rose on continued strong demand and expansion of sales channels to US supermarkets, etc.
- Began receiving new orders from December despite continuing effect of PB/OEM industry restructuring
■ Operating profit
- Profit was flat YoY due to lower PB and OEM sales offset by brands of Japanese origin

## Greater China

■ Sales

- E-commerce and retail store sales declined significantly amid continuing deflationary trend in the market
- Stopped importing mainstay snacks from Japan due to stricter customs regulations
- Advanced preparations toward increasing production in nearby countries and starting local OEM production
■ Operating profit
- Profit fell as lower selling expenses were unable to cover the effect of lower sales
